

JUICE DISPENSING MACHINE

FEATURES:

- Maintains constant temperature.
- Super strong, virtually unbreakable polycarbonate 17 litre single jar with cover.
- Removable jar and cover.
- Two piece stainless steel dispensing drip free sanitary valves.
- Stainless steel valve and handle.
- Electromagnetic pump and silent stirring motor.
- Stainless steel enclosure.
- Unique evaporator and faster start up system.
- Better design allows easier cleaning and less maintenance.

TECHNICAL DATA

Height	:	70 cm
Length	:	21 cm
Depth	:	43 cm
Net Weight	:	22 Kg
Thermostat	:	1 No.
Jar Capacity	:	17ℓ / 4.5 gal
Gas Type	:	134 A
Volt	:	220/240 V, 50Hz
Cooling Power	:	1/6 hp
Body	:	430 quality Stainless Steel
Jar	:	Polycarbonate jar and cover
Faucets	:	Stainless Steel
Power Consumption	:	1 unit for 8 hours continuous running
